

MIPAC has served clients on more than 100 projects in over a dozen countries, some of which have total project values in excess of \$1.5 billion.

MIPAC's most recent key projects are within the mineral processing, food & beverage, sugar milling, pulp and paper and oil & gas industries. In its 20 year history, MIPAC has been responsible for more than 100 process control and automation projects in areas such as mineral processing, metal production, pulp mills, paper production, water treatment plants, desalination studies, sugar milling, oil & gas, hydro-electric and utilities.

MIPAC is trusted by some of the most respected names in the business. We serve major companies around the globe and understand the mission-critical nature of their business and the projects that we work on.

We have delivered solutions in over a dozen countries, including Argentina, Australia, China, Fiji, Germany, India, Indonesia, Malaysia, New Caledonia, Peru, UK, Thailand, South Africa and Zambia.
